The screenshot shows a software interface with a table of cable test results and a diagram of a cable layout. The table has the following data:

操作	电缆名称	额定电压	长度	截面	电缆站端	电缆末端	接头数量	创建时间
test	test	8.7/10	507	35	1		0	2019-11-17 15:52:47
test	HDDAC300施工架机 389米+1米+36米电缆测试+09Z	8.7/10	426	35	1		2	2019-09-27 09:47:30

Below the table, there is a diagram showing a cable layout with three horizontal lines representing cables. The top line is yellow and has a length of 36. The middle line is green and has a length of 1. The bottom line is red and has a length of 389. The diagram also includes a checkbox for '绝对距离' (Absolute Distance).
